Summary Correctional Institutions	\$2,525,171 \$80,156,639

From FY20 to FY22, overtime increased by \$20,224,904 and 310,847 hours. Position vacancies accounted for the greatest amount of overtime in FY22. Vacancies cause current staff to fill designated shifts and result in increased overtime.

Since March 2020, the Division of Adult Institutions has also been tracking COVID-19 overtime for jobs related to Pandemic Screening and Pandemic leave coverage.

The Department of Corrections (DOC) is constantly evaluating ways to increase staff retention and reduce overtime costs.

OVERTIME DEFINITIONS

A. Correctional Officer and Sergeant Overtime

Selection includes overtime accumulated by Correctional Officers and Sergeants. In cases where overtime is associated with several categories, overtime is accounted for under the first relevant category listed below. Before filling a post which has a vacancy with use of overtime, institutions determine if the post can and/or should be left vacant.

- 1. Medical Vigils Persons in our care (PIOC) hospitalization involving an admission to the hospital which caused overtime.
- 2. <u>Service Overtime</u> Any Department incurred un-reimbursed overtime hours that are associated with supervision of PIOCs while providing services to organizations internal or external to the Department (such as services provided through use of work crews).
- 3. Position Vacancy Assistance 2022 Overtime resulting from assisting another institution with position vacancies.
- 4. <u>Special Posts</u> Overtime resulting from a post needed which may not be staffed by authorized positions of the institutions due to commitment of those positions to already existing and necessary posts. *Institution must receive written approval from the Administrator's office beforehand.*
- 5. Sick Leave An officer or sergeant calls to say they won't be at their scheduled post due to illness.
- **6.** <u>Position Vacancy</u> Overtime resulting from an employee scheduled to provide coverage which normally would be provided by another authorized position which is vacant.
- 7. <u>Construction Projects</u> Construction projects for which overtime hours were accrued. Hours are typically necessary due to the implementation of special security procedures associated with construction crews entering and leaving institutions, or supervision of work sites.
- 8. <u>Trips</u>—Overtime incurred for any PIOC transportation other than travel related to medical vigils.
- 9. <u>Training</u> Overtime generated due to employee participation in training activities.
- 10. <u>Personnel/Employment Relations</u> Investigations, administrative leave with pay, staff related court hearing/testimony, grievance hearings or suspensions resulting in overtime.
- 11. <u>Security Emergency</u> Major incident, lockdown, security fence or gate issues, disturbance and non-routine cell searches.
- 12. <u>Miscellaneous</u> All other overtime not covered by the above categories. Examples include military leave, late relief, area search for missing tools, paperwork, cell extraction, as well as other causes.
- 13. <u>COVID</u> Overtime from jobs related to Pandemic Screening and specific Pandemic temporary additional functions. Overtime resulting from covering sick leave for the Pandemic whether the individual had the virus, a family member had the virus, the individual was quarantined or child care/family obligations due to the pandemic. Category created in FY21.
- **B. Other Institutional Coverage -** Straight overtime earned by Supervising Officers, overtime incurred by health care workers, and overtime incurred by non-security personnel such as support staff.
